

You already have the best Fresnels,
now give them LEDs.

RELAMP™
LED for the tried and true

The Simplest LED Upgrade

- Remove the halogen lamp and reflector
- Insert the ReLamp LED
- Done
- Use your existing fixtures and dimmers
- Flicker-free even when dimmed
- Fits most brands

Relamp to a green studio

- Upgrade to LED for 1/4 the cost
- Use 1/5 the power of halogen
- Matches existing halogen or HMI
- No color shift when dimming
- No heat on set
- Its as simple as a relamp.™
